- Play a simple blues or jazz standard phrase in swing feel.
- Practice subdividing beats into triplets, with an emphasis on the 'long-short' swing pattern.
- Use a metronome set to a slow tempo, then gradually increase.
- Incorporate rhythmic displacement by shifting accents within the bar.

Example:

Play a blues phrase:

| C | F | C | G7 |

In swing, with triplet subdivision:

- Play the first note long, the second short, emphasizing the 'swing' feel.
- Shift the phrase's accents to different beats to develop rhythmic flexibility.

Tip: Record yourself and analyze the groove. Authentic swing feel is often about subtle timing nuances rather than strict metronomic precision.
